APPLICATION 2014 January 1st

REFEREE RULES **2014- 2016**

In « red » new rules or rule precision

Referee and judges

Three referees of different nationalities to the two competing athletes will referee each contest. One referee on the mat with a radio communication system is connected to the two referees on the table of the mat who will assist with a video CARE system.

A rotation system will be implemented for the referees to ensure neutrality.

The IJF Jury will interfere only when there is a mistake that needs to be rectified. The intervention and any change to the decisions of the referees by the IJF Jury will be made only in exceptional circumstances. The IJF Jury will interfere only when they consider it to be necessary.

IJF Jury, like referees, must be of different nationalities to the athletes on the mat.

There is no appeal process for coaches, **but they can approach the IJF Jury table to watch the reason for the change to the final decision.**

There must be an education system to improve the level and consistency of the referees. Seminars with referees and coaches all together will be organized.

Technical assessment

Ippon:

to give more value and to take into account only the techniques with a real impact on the ground on the back. **When the fall is rolled without real impact, it is not possible to consider it Ippon.** This point is very important and it must be consistent during the whole Olympic qualification period.

Yuko

Article 24 a)

When a contestant throws his opponent, with control, and the opponent falls on the side of the upper body it should be Yuko.

Landing in the bridge position

All situations of landing in the bridge position will be considered Ippon. This decision is taken for the safety of the competitors so they do not try to escape from the technique and endanger their cervical spine.

Penalties

During the fight there will be three Shidos, and the fourth will be Hansoku-make (3 warnings and then disqualification). Shidos do not give points to the other fighter, only technical scores can give points on the scoreboard. At the end of the fight, if scoring is equal on the scoreboard, the one with less Shidos wins. If the fight continues to Golden Score, the first receiving a Shido loses, or the first technical score will win.

Ljubljana 28 October 2013

Shido will be given to the fighter deserving it, in place, without having both fighters return to the formal start position (Matte – Shido – Hajime) except when a Shido is given for leaving the contest area.

Penalized with Shido:

Breaking the grip of the opponent with 2 hands.

Cover the edge of the Judogi jacket to prevent the grip.

Cross gripping should be followed by an immediate attack. Same rule as for belt gripping and one side gripping.

The referees should penalize strictly the contestant who does not engage in a quick Kumikata or who tries not to be gripped by the opponent. **If one of the contestants breaks the Kumikata twice in the gripping period then the third time they will receive a Shido.**

Pistol and Pocket Grip on the bottom of the sleeve without immediate attack is penalized by Shido

To hug the opponent for a throw (Bear hug). It is not a Shido when the competitor has Kumikata with a minimum of one hand.

To force the opponent with either one or both arms to take a bending position without immediate attack will be penalized by Shido for a blocking attitude.

To take the wrist or the hands of the opponent only to avoid the grip or the attack on him should be penalized by Shido.

False attack is penalized by Shido. False attacks are defined as:

Tori has no intention of throwing.

Tori attacks without Kumikata or immediately releases the Kumikata.

Tori makes a single attack or a number of repeated attacks with no breaking of Uke's balance.

Tori puts a leg in between Uke's legs to block the possibility of an attack.

One foot outside of the contest area without immediate attack or not returning immediately inside the contest area is penalized by Shido. Two feet outside the contest area is penalized by Shido. If the competitor is pushed outside the contest area by his opponent, then the opponent will receive the Shido.

(If the fighters leave the contest area, they are not penalized by Shido when the attack is engaged in a valid position)

Penalized with Hansoku-make

All attacks or blocking with one or two hands or with one or two arms below the belt in Tachi-Waza will be penalized by Hansoku-make. It is possible to grip the leg only when the two opponents are in a clear Newaza position and the Tachi-Waza action has stopped.

Osaekomi, Kansetsu-Waza and Shime-Waza

Osaekomi will also continue outside of the contest area as long as Osaekomi was called inside.

Osaekomi scores 10 seconds for Yuko, 15 seconds for Waza-ari, and 20 seconds for Ippon.

Ljubljana 28 October 2013

Osaekomi outside the contest area if the throwing action is finished outside the competition area and immediately one of the players applies Osaekomi, Shime-Waza or Kansetsu-Waza, this technique shall be valid. If during the Ne-Waza Uke, takes over the control with one of these nominated techniques in a continuous succession, it shall also be valid.

The Kansetsu-Waza and Shime-Waza initiated inside the contest area and recognized as being effective to the opponent, can be maintained even if the contestants are outside the contest area.

Article 26: Osaekomi

The contestant applying Osaekomi must have his body in Kesa, Shiho or Ura position, i.e. similar to the techniques Kesa-Gatame, Kami-Shiho-Gatame or Ura-Gatame.

The Ura position is now valid.

Article 27
